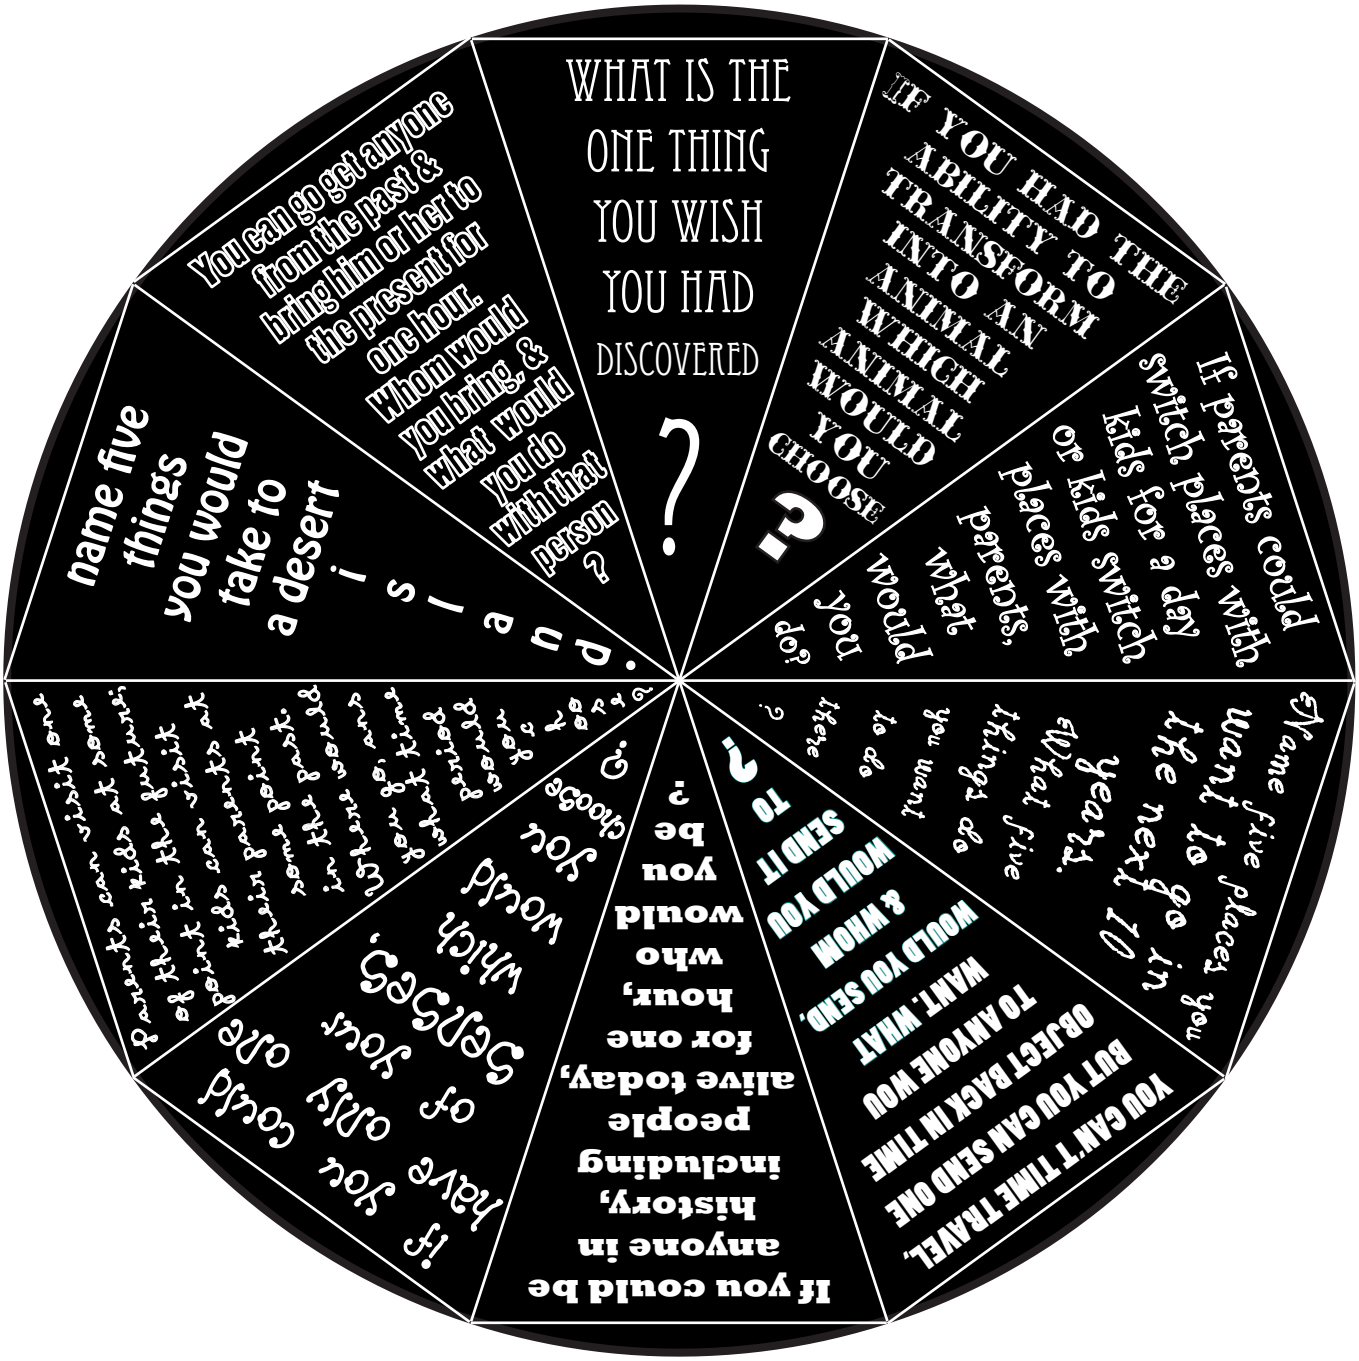
10 TABLE TALK TOPICS

Tired of the monosyllabic grunts? The silent pea-pushing? Spin this handy cutout wheel (assembly instructions below) for a question guaranteed to **perk up your table talk**.



How To: Print this page and glue it to a piece of cardboard, then cut out the wheel and the arrow. Make a hole in the center of the wheel, and in the arrow, with a hole punch, and attach the arrow loosely with a metal brad (sold at office-supply stores). Now give the arrow a gentle flick.
